Subject: Professional Standards take effect today!

We have made several updates to the FNS [School Meals Professional Standards](#) web site. State agencies may wish to include a link in their upcoming newsletters, flyers, or other promotional materials:

The “Professional Standards for School Nutrition Program Employees” brochure is now available at: <http://www.fns.usda.gov/school-meals/professional-standards>. This colorful resource can be used to promote professional standards to school nutrition staff as well as school, community and State agency stakeholders. Also available are some Frequently Asked Questions, a Tracking Tool with technical assistance, and other materials related to Professional Standards.

Contact your Regional Nutritionist for a promotional email with resources and graphics.
