Subject: SFS-16-03 Procurement Update – Local Agency Procurement Review Tool

USDA has indicated the procurement review tool will be in an excel format. USDA is having a discussion with the procurement review tool contractor for an online procurement review tool. The testing timeline for the procurement review tool will occur with selected target State Agencies between December 2015 and February 2016. The tentative release date of the procurement tool will be late Spring 2016. USDA has indicated that State Agencies will be trained sometime in the spring. Once the state agency has been trained, trainings will be set for School Food Authorities.
