**You are Invited to a Webinar!**  
**The Community Eligibility Provision**  
**and Alternative Breakfast Models**  
**Wednesday, March 9, 2016**  
**1:00-2:15 PM EST**

**Title:** The Community Eligibility Provision and Alternative Breakfast Models

**Description:** Please join us for an informative session on pairing alternative breakfast service models (Breakfast in the Classroom, Grab 'n Go, etc.) with the Community Eligibility Provision (CEP)! Experience at the local level shows that implementing an alternative breakfast model is one of the most effective ways to increase participation in the School Breakfast Program. CEP represents a great opportunity for schools to expand their breakfast service, thanks to CEP's simplified counting and claiming procedures and potential for increased administrative efficiency. During this webinar, an expert panel will explore the advantages of adopting CEP and alternative breakfast models together, and how doing so helps to ensure that all students in school can enjoy the benefits a nutritious morning meal.

**Target Audience:** State Agencies and School Food Authorities

**To participate in the webinar on Wednesday, March 9th at 1:00 PM EST:**
