****RESCHEDULING NOTICE****

The Community Eligibility Provision Webinar scheduled for March 23, 2016 has been cancelled and will be rescheduled for later this spring. Please watch for an announcement in the coming weeks!

**Community Eligibility Provision:
Best Practices and Lessons Learned**

Description: After two years of national implementation, the Community Eligibility Provision (CEP) has expanded to reach 8 million children in 17,000 schools. Many of these schools have experienced great success, including streamlining their meal service, increasing participation, and improving the financial viability of their programs. This webinar will share a few of the best practices and lessons we have learned from CEP schools across the country. State agencies should distribute this announcement to school food authorities to ensure all interested schools have the opportunity to participate.

Target Audience: State Agency Staff, School Administrators, School Food Service Staff
