## WEBINAR SERIES

Well-Ahead Louisiana invites you to participate in a monthly webinar series sponsored by the Louisiana Bureau of Chronic Disease Prevention and Health Promotion.

The United States Department of Agriculture (USDA) released its final rule on July 29, 2016 regarding the local school wellness policy required under the Healthy, Hunger-Free Kids Act of 2010. This rule requires all local education agencies (LEA) participating in the National School Lunch Program and/or School Breakfast Program to develop a wellness policy. LEAs must fully comply with the requirements of the final rule by June 30, 2017.

The webinar series will feature speakers from state and national organizations who will share information on this new local wellness policy rule, as well as resources for implementing a wellness policy in your school or district.

**This webinar series is your “DIY” guide for putting local school wellness policies into action!**
