Good morning,

Every other month, USDA's Food and Nutrition Service creates two newsletters highlighting new resources available to assist with coordination and operation of the Summer Meal Programs, including the Summer Food Service Program and the Seamless Summer Option of the National School Lunch Program. The August newsletters are now available for State agencies and sponsors working to improve their Programs and reach children with nutritious Summer Meals. This newsletter will be posted on the USDA Food and Nutrition Service (FNS) website in three business days.

Newsletters are attached and also available via PartnerWeb: [State agency Newsletter](#) [Sponsor Newsletter](#)
